### How the design process works

- 1 Submit any logos, graphics, or photographs you want in your ad as a PDF, JPG, or TIFF file. Files should be at least 72 dpi at the size they will be used.
- 2 Let us know what you'd like the ad to look like. If there's an ad you really like, yours or someone else's, send a copy of it. If you want us to match an existing style for your brand, give us a link to your website, or copies of favorite materials you've done in the past.
- 3 Please respond promptly via email when you receive your proof. We're working on a short timeline. Approve the design, or tell us what you want changed. We can only guarantee one proof, but we'll do our best to make an ad you are very happy with.

### \* 1. Ad size

- Standard Business Card  
2 x 3 inches
- Other (no larger than 2 x 3 inches)

### \* 2. Ad copy

Provide the wording for your ad EXACTLY as you want it typeset (for example, if you use an abbreviation, we will do the same).

**Content for web ads is limited to what can fit on a standard-size business card.**

### \* 3. Ad style

Check no more than one option on each line. See the Ad Samples sheet for examples.

- a. TONE:  Elegant    Light-hearted and fun    Just the facts ma'am
- b. ERA:  Late 1800s-early 1900s    Mid-century    Timeless

### Web Ad Design Request checklist:

- If you're advertising a business, have you included your hours and your address?
- Have you included all the contacts you'd like folks to have: phone, email, web address?
- If you want your logo, photographs, or graphics in your ad, be sure to forward them with this form and your Ad Reservation and payment. *If your ad includes social media site addresses (Facebook, Twitter, Instagram), we have and will ad the logos, if space allows.*

**Include this form with your Ad Reservation, payment, and any support materials you are submitting, due April 1.**

5 x 8.75"

# Print Ad: Full Size with Bleed

MARGIN FOR BINDING: NO TEXT OR LOGOS IN THE GRAY AREA

MARGIN FOR BINDING: NO TEXT OR LOGOS IN THE GRAY AREA

## Full Page with Bleed Full Bleed art needs to be 6.25 x 9.25"

The Live/Safe Area is 5 x 8.75"

**ALL TYPE, LOGOS, AND CRITICAL INFORMATION  
NEED TO BE IN THE LIVE/SAFE AREA.**

### **A note about bleeds** *(shown in dark gray):*

Printed material that runs to the edge of the page needs to have 1/8" of extra imagery running beyond the edge to compensate for any slight inaccuracy that might happen when trimming the paper. That's the bleed, and the bleed should be **background or non-critical graphics** that won't be missed when trimmed off. The bleed insures there are no unintended slivers of white on the page edges.

### **A note about the live/safe area** *(white outlined in dashes):*

All **vital** information in the ad should be within the live/safe area—all type, logos, or critical information—to insure that it is not lost in an inaccurate trim.

The area shown in gray 1/8" area around the top and bottom of the page, and 1/2" of space on each side of the page needs to contain color or imagery for the full bleed, but no critical information.

### **SHOWN HERE:**

**WHITE BOX OUTLINED IN BLACK DASHES:** the Live Area

**IN GRAY:** Area to keep critical information out of

**DARK GRAY:** 1/8" part of the page that will be trimmed off
